

2025 FINAL REVIEW – FAQ

1. When does the 2025 Final Review start and what does it include?

The 2025 Final Review begins on 10 November 2025 and will conclude on 16 March 2026.

It includes the following phases and deadlines:

- Self Evaluation – 10 to 28 November 2025
- Manager Evaluation & Additional Manager Evaluation – 1 December 2025 to 8 January 2026
- Calibration – 12 January to 16 February 2026
- Feedback & Sign Off – 18 February to 12 March 2026

The Final Review, including Calibration, will be managed entirely in Workday. Meeting deadlines is essential.

2. Why do I see different due dates in the system compared to the ones communicated?

The date displayed in the system is a default system date and should not be considered. The only valid deadlines are those communicated officially via email and during the closing webinars.

3. Who is excluded from the Final Review?

Excluded groups:

- Employees hired after 31 August 2025 (apprenticeship, fixed-term, permanent)
- Interns
- Employees who resigned
- Employees on long-term leave in 2025 with fewer than 3 months worked

4. Do employees who have resigned participate?

No, they are excluded.

5. How is the final EPR rating calculated?

Weighted average:

- Goals 60%
- Behaviours 40%

Final rating visible only during feedback phase after Calibration.

Scale:

1. Significant Gap
2. Needs to Do More
3. Meets High Expectations
4. Exceeds Expectations
5. Role Model.

6. What if I don't complete a phase on time?

Steps cannot be completed after deadlines. Forms move forward empty. Final rating can still be assigned during Calibration.

7. What happens after Self and Manager Evaluation?

Calibration begins and managers review rating distribution in Workday.

8. What should Employees do during Self Evaluation?

From 10 to 28 November, you will receive the "Self Evaluation: Final Review 2025" task in Workday. You must:

- Update status for each Goal
- Modify Goals only if circumstances changed significantly
- If agreed with your Manager, mark irrelevant Goals as "Not Applicable" and redistribute weights to total 100%
- Assign a rating to each Goal and Behaviour
- Update comments for Goals and Behaviours (pre-filled with Mid-Year comments)
- Upload supporting documents (visible to Manager only)

After Manager Review and Calibration, your Manager will communicate your final rating during the 1:1 feedback meeting.

9. What should Managers do during Evaluation?

Between 10 and 28 November:

- Request feedback from stakeholders using "Get Feedback on Worker"
- External feedback can be attached under "Supporting Documents"

Between 1 December 2025 and 8 January 2026:

- Request qualitative evaluation via "Get Additional Manager Evaluation" (if needed, this step can be skipped)
- Review Additional Manager comments
- Assign a rating for each Goal and Behaviour and provide overall comments
- Review and/or upload supporting documents

12 January – 16 February 2026:

- Review rating distribution during Calibration

18 February – 12 March 2026:

- Communicate final ratings during 1:1 meetings

10. Who is the Additional Manager?

The Additional Manager applies to certain matrix roles and must have worked with the Employee at least 6 months.

They:

- Provide timely qualitative feedback for the annual performance
- Give overall comments on Goals and Behaviours
- May join 1:1 feedback conversations

11. Is the Additional Manager configured in system?

No, it must be entered manually. Employee sees name only at acknowledgment.

12. What is the difference between “Get Feedback on Worker” and “Get Additional Manager Evaluation”?

- Get Feedback on Worker: optional and outside Final Review, general feedback request
- Get Additional Manager Evaluation: formal process step, detailed feedback with access to goals and comments, for someone who worked closely for 6+ months

14. I joined after Mid-Year and have no goals in the system — what should I do?

Add your previously agreed goals using “Add Goal”.

15. I have duplicate goals — what should I do?

Mark duplicates as “Not Applicable” with weight 0.

Keep the goal that contains Mid-Year comments.

Ensure goal weights total 100%.

16. I requested feedback via “Get Feedback on Self” but cannot see it — why?

Private feedback is not visible. Request feedback with visibility enabled.

17. My Manager did not receive the Manager Evaluation task — why?

The “Get Additional Manager Evaluation” step must be completed or skipped first.

18. I made a mistake in my Self Evaluation — how do I correct it?

Only the Manager can Send Back the form. Inform your Manager as soon as possible.

19. I am a Manager and need to evaluate someone new to my team — what should I do?

If the employee has been in your team for less than 6 months, involve their previous Manager as Additional Manager.

20. I submitted the Manager Evaluation by mistake — what can I do?

It cannot be undone manually. Open an AZIZ ticket to request that the task be reopened (only if not completed or in case of serious error).

21. I selected the wrong Additional Manager — how do I remove the request?

The task cannot be undone. Inform the person to ignore it and, if needed, request feedback from the correct person separately.

22. As a Manager, which reports can I use to monitor progress?

In Workday under “Talent & Performance Management” > “Final Review”:

- Status dashboard
- Performance Review Status – Action Required
- Initial Rating vs Calibrated Rating
- Final performance rating distribution
- Feedback Summary
- Additional Manager Evaluation Status (template: Final Review 2025)

23. I received a feedback task by mistake — how do I decline it?

Tasks cannot be canceled. Inform the sender and ignore the task.

24. Are Additional Manager comments visible to the Employee?

Yes, after the whole process is completed (post-Calibration).

25. What is rating distribution curve?

It helps differentiate performance. It must be applied by band and BU/Function and compares individuals against peers in the same band/role.
