

THINK INCLUSIVELY

DIVERSITY, EQUITY & INCLUSION

OUR EMPLOYEE RESOURCE GROUPS

VISION

At Engineering, we are committed to creating an environment where people can express their potential and feel accepted, valued, and included. **Diversity is a strength of our organization.**

Employee Resource Groups (ERGs) are groups of people from Engineering with shared interests, promoted by the company and led by employees. Within this context, **DEI Communities are spaces where individuals are free to express their opinions and propose initiatives**, encouraging dialogue and discussion **on common interests**, such as gender equality, LGBTQIA+ identities, disability, multiculturalism, and multiethnicity.

Participation in DEI Communities is voluntary. We invite you to contribute and make the work in Engineering even better. Everyone can participate, whether they belong to a specific group or wish to act as allies (Allies).

BENEFITS

1

Share feedback and make your voice heard

2

Advocate your cause with access to a common platform and internal resources

3

Be an active part of the change and help shape Engineering's future

4

Develop your skills

5

Build awareness within the company and be recognized by senior leaders and colleagues

6

Create new connections and a community with likeminded people

Pillars
